The Diagram below is being created in order to facilitate the smooth running of an eventual Jodo Team Taikai. Composed of 2 teams of 3 Jodoka that any Dojo in the UK would like to host.

This document however is not a final representation; changes can be made at any stage,  
And they would depend on eventual changes put forward by the Japanese delegation in the future.

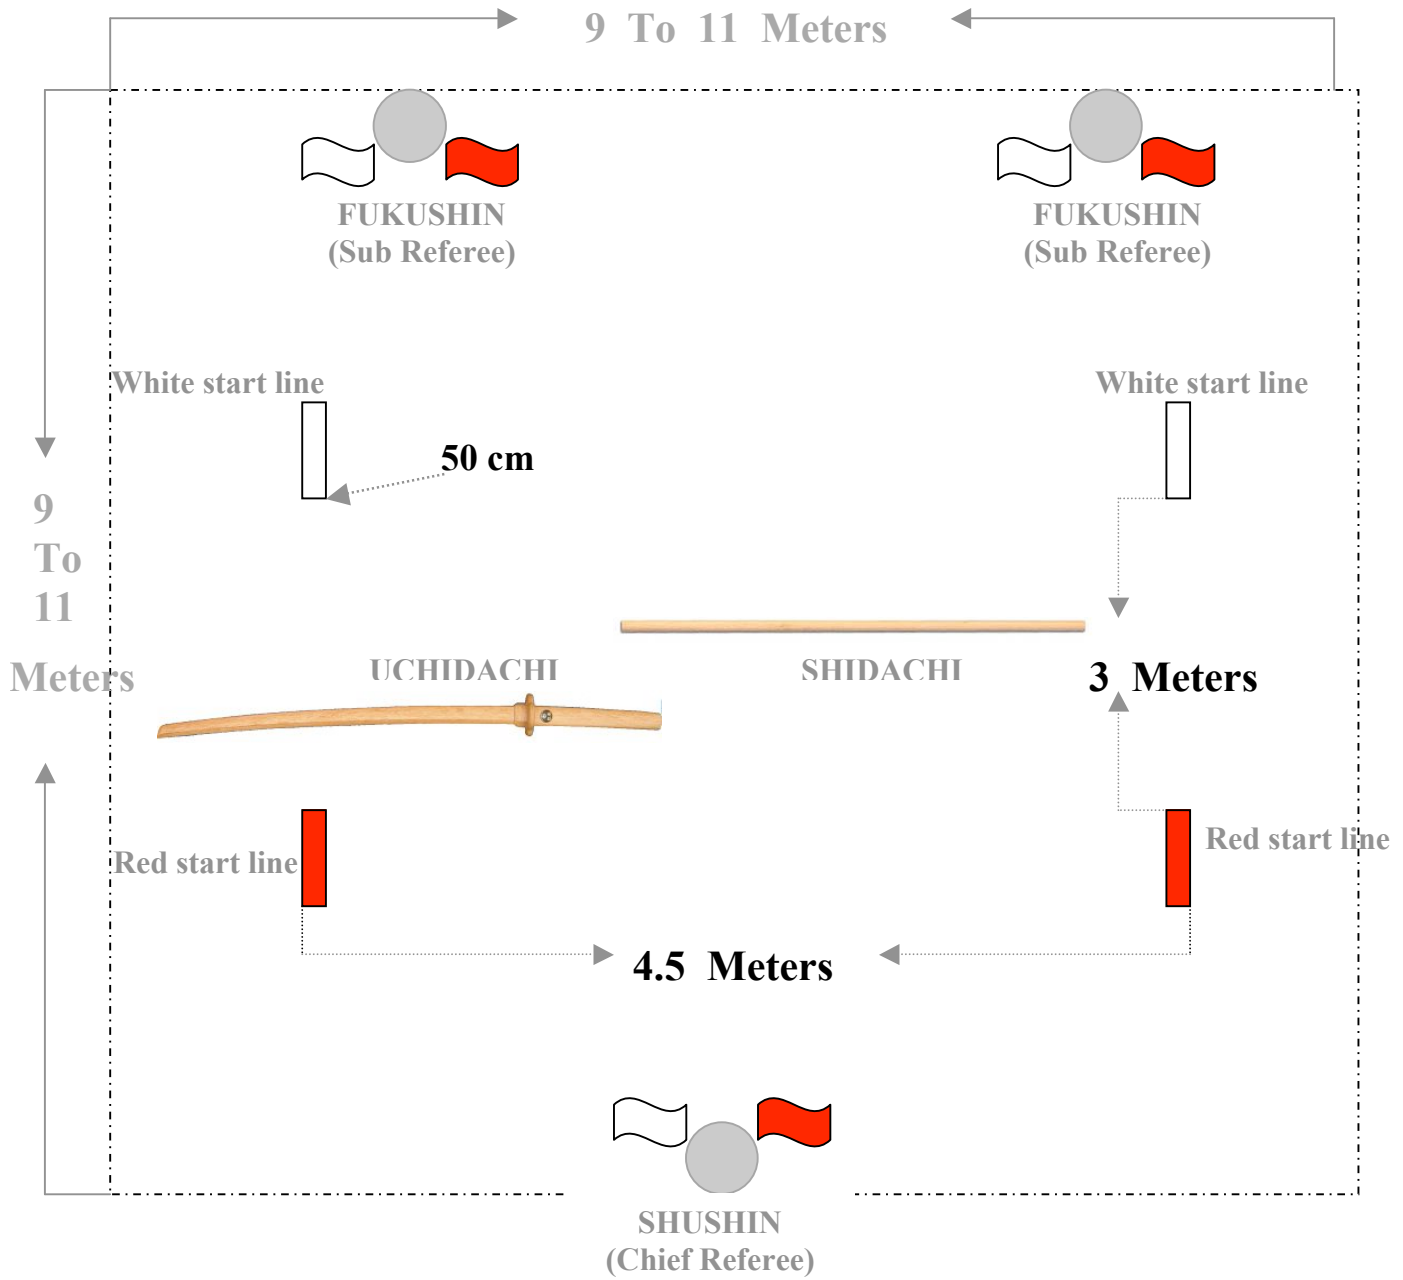

Thank you to Chris Buxton for providing a copy of the court dimensions from the green book of the Japanese Jodo official referee instructions and Andy Watson for the translation. Please if you have any corrections to make or suggestions regarding the document attached please do not hesitate to contact me (<http://www.kashiwadojo.co.uk/contact.php>).
